*Northwest Georgia Educational Program is a part of the continuum of service of the Local School System, which provide services for students identified with Severe Emotional / Behavioral Disorders and Autism. The program is a part of Northwest Georgia RESA and a member of the Georgia Network for Educational and Therapeutic Support.*

## What Is The Placement Process?

*Upon receiving a referral, a multi-disciplinary evaluation is completed including:*

- *Social and/or developmental history*
- *Psychological evaluation*
- *Educational testing*
- *Psychiatric consultation as needed*

*When the evaluation is completed, an individual education planning committee (IEP) is scheduled. At this meeting all evaluations are reviewed along with school history including any disciplinary reports. Eligibility is then determined. Members of the committee may include but are not limited to the following: parents, regular and special education teachers, counselors, psychologist, student when appropriate, LSS representative who is knowledgeable about the general curriculum, LSS representative, individuals at the parents discretion who have knowledge or special expertise regarding the student, or service agencies who are responsible for providing services. This committee determines the most appropriate placement for the child in the least restrictive environment.*

## Who Can Refer?

*Referrals are accepted through the Local School System and may be made by parents, schools, or community and private agencies.*

*A parent or legal guardian must be notified of the referral.*
