

# Mr. Curtis'

## Honors Biology

### Materials List

#### Needed

- A 1-1/2 or 2" 3-ring binder (**one just for biology**) ...A spiral notebook will not work, as you will have trouble keeping up with all of the handouts and your graded work.
- Loose-leaf paper
- Two #2 pencils for tests
- Pens (**Blue/Black only**)
- Composition book (quad 4x4 or 5x5 grid...this composition book has graph paper in it rather than normal lined paper.)

#### Optional, but recommended:

- A highlighter (your choice of color)
- One pack of index cards (your choice of color)
- One pack of assorted colored pencils
- 1-2 red pens for self-graded assignments
